

Star Staff Impression

We are very lucky to have Star in our donor program. He is a kind, caring, compassionate father who truly wants to help families experience the joy and love he feels everyday with his own children. His eyes light up when he gets the opportunity to speak about them.

Star is just under 6ft tall and has a stocky frame with broad shoulders and fit physique. A rugged outdoorsman, he maintains an active lifestyle and enjoys physically demanding activities like white water rafting and hiking. He has a fair complexion and sparking green eyes.
